FIRST INFORMATION REPORT (FIR) — COMPLETED SAMPLE

Alleged Theft of a Two-Wheeler Motorcycle

FICTIONAL CASE DATA — NOT A REAL POLICE REPORT, FIR NUMBER, SIGNATURE, OR OFFICIAL RECORD

This fully populated specimen is created for software/application testing. All names, addresses, contact details, vehicle identifiers, dates, and events below are invented. Do not submit it as a real complaint or represent it as registered by a police station.

1. Case and Police Station Details

Field	Sample entry
Application docket number	CASE-2026-0045
Police station / jurisdiction	Central Jurisdiction Local Police Station (fictional for demonstration)
District / State	Chennai, Tamil Nadu, India (fictional case assignment)
Priority	High — provisional application priority; official priority is for the authority to determine
Alleged offence	Motor vehicle theft; BNS Section 303(2) mentioned for verification by competent authority
Official FIR number / registration date	Not assigned — this is not a registered FIR

2. Complainant Details (Invented)

Field	Sample entry
Name	Arun Kumar (fictional person)
Age	28 years (fictional)
Address	14, Lake View Street, Central District, Chennai, Tamil Nadu (fictional address)
Contact number	90000 12345 (fictional test number; not for contact)
Occupation	Private employee (fictional)

3. Incident Details

Field	Sample entry
Date of incident	19 October 2026 (fictional)
Approximate time last seen	9:15 PM IST (fictional)
Time discovered missing	10:00 PM IST (fictional)
Place of occurrence	Public two-wheeler parking area near Central Market, Chennai (fictional location description)
Suspect	Unidentified person; no identity established in this sample
Current status	Allegation pending verification; recovery and suspect identification not established

4. Stolen Vehicle Particulars (Invented)

Field	Sample entry
Registration number	TN 00 AB 1234 (fictional placeholder; not a verified registration)
Make / model	Honda Activa 6G (fictional example)
Colour	Black
Chassis number	CHS-SAMPLE-2026-0045 (fictional placeholder)
Engine number	ENG-SAMPLE-2026-0045 (fictional placeholder)
Estimated value	INR 75,000 (illustrative estimate only)
Ownership proof	Not actually examined; sample assumes documents would be requested and verified

5. Complaint Narrative / Allegation

I, Arun Kumar (a fictional complainant for this sample), state that I parked my black Honda Activa 6G, bearing the illustrative registration number TN 00 AB 1234, at the public parking area described above at approximately 9:15 PM on 19 October 2026. When I returned at approximately 10:00 PM, I could not locate the motorcycle. I checked the immediate parking area and made enquiries nearby, but the vehicle was not found. I suspect that an unidentified person may have taken the motorcycle without my permission. I request that the report be recorded, the vehicle details be verified, available CCTV footage be examined, and appropriate lawful steps be taken to trace the vehicle.

This narrative is invented for testing. It is not a real person's statement and has not been signed or verified.

6. Preliminary Investigation Plan

1. Verify the complainant's identity, ownership documents, registration details, chassis number, and engine number.
2. Record the exact incident location and prepare a scene note with date and time.
3. Identify nearby CCTV cameras and request original footage through lawful procedures.
4. Record the source, extraction method, time basis, file name, evidence ID, and custodian for any footage received.
5. Identify and interview potential witnesses according to applicable procedure.
6. Check vehicle movement, registration, and recovery records only when legally authorized.
7. Preserve collected material securely and document each custody transfer.
8. Verify the applicable legal provisions and determine further action through the competent authority.

7. Evidence Register (Sample Entries)

Evidence ID	Item / description	Status
CCTV-02	AI-generated CCTV-style illustrative image attached in Appendix A	Mock evidence only; not authentic surveillance footage
VEH-01	Vehicle registration / ownership documents	Not collected; verification pending in the fictional scenario
WIT-01	Potential witness statement	Not obtained; witness identity not supplied
SCN-01	Parking location scene note	Illustrative planned action; no real inspection performed

8. Evidence Preservation and Chain of Custody

For any real evidence, record the original source, collector's name and role, date/time and time zone of acquisition, original filename or media identifier, hash value where appropriate, storage location, access history, and each transfer of custody. Preserve original footage without alteration. Any annotated or enhanced copy should be clearly identified as a working copy. No authentic evidence was collected for this fictional sample.

9. Complainant Confirmation (Sample Only)

Fictional declaration: The information in this specimen is invented for demonstration and has not been made by a real complainant. A real complainant must review the facts and sign the appropriate statement before an authorized officer; this generated document is not a substitute for that process.

Sample complainant	Signature	Date
Arun Kumar (fictional)	NOT SIGNED — SAMPLE	22 October 2026 (document creation date)

10. Police Use Section (Not Completed as an Official Record)

Field	Sample status
Receiving officer / rank	Not assigned
Official FIR / station diary number	Not assigned — no official registration represented
Officer signature / seal	None — not an official police document
Action taken	No real investigation performed; all actions listed are proposed steps for the fictional scenario

Appendix A — Illustrative CCTV-Style Image

AI-generated illustrative image only. The displayed timestamp, person, vehicle, and scene are fabricated and must not be treated as real or verified evidence.

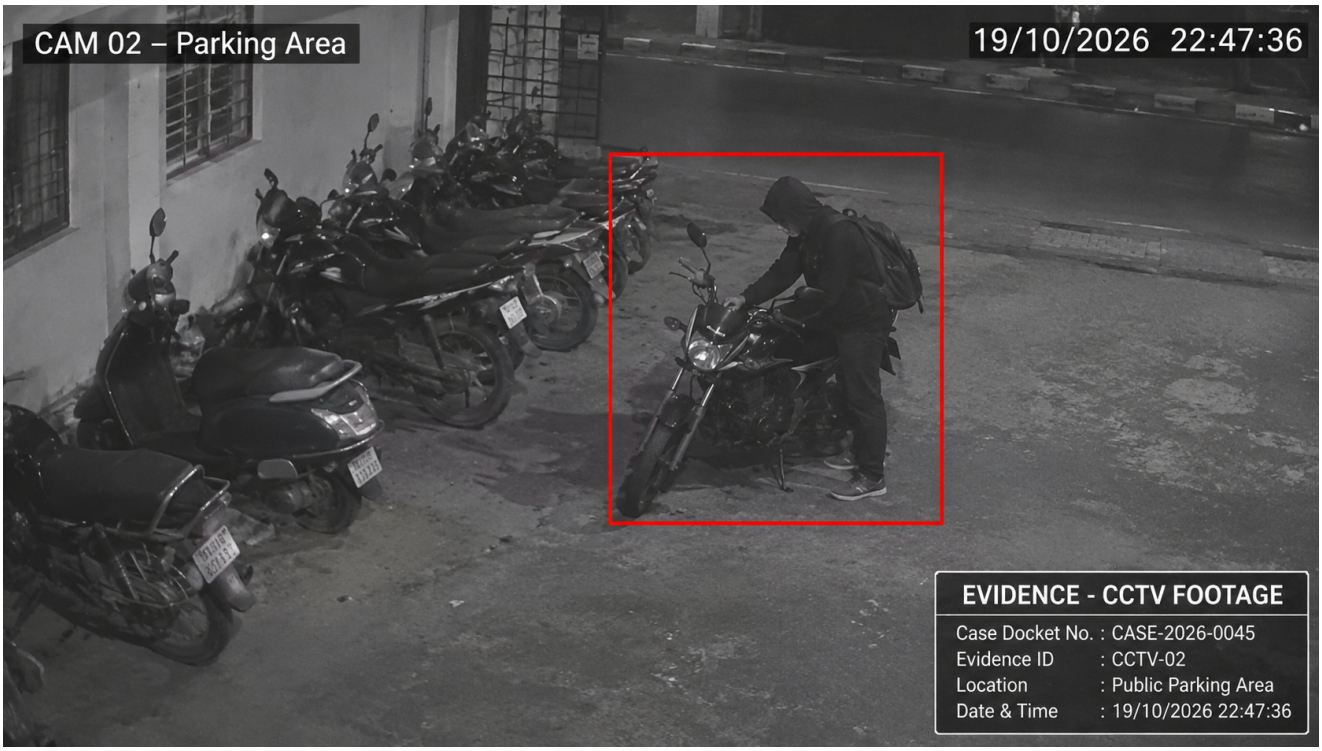

Image reference ID: CCTV-02 (mock item). A real investigation must use original footage obtained and preserved through appropriate lawful procedures.
